“All of us do not have equal talent. But all of us have an equal opportunity to develop our talents”

Teacher- Nifty of the Classroom:

Teachers are the ultimate role models in a student's life. Teachers are the ones who motivate the students to do better in every domain and help them achieve life goals. Through their guidance, the students learn to differentiate between right and wrong. A teacher's influence on their students' lives is undeniable. The teachers educate the candidates on unique qualities like fellow feeling, brotherhood, kindness and simplicity. A teacher has to be compassionate, passionate towards learning, should possess in - depth understanding capacity, patience, must be a good follower of own words, great communicator and great at putting efforts. Teachers also enable students to succeed by introducing activities and projects according to their age and ability. They supply them with essential information, introduce new ideas and topics and try to expand their interests. Teachers have a very significant, lifelong impact on all their students. This impact involves not only the teaching of particular Academic Skills but as importantly the fostering of student's self-esteem. Reinforcing self-esteem in the class room is associated with increased motivation and learning.
